Email: [info@acwbl.org](mailto:info@acwbl.org)

Africa Centre for Work Based Learning is a  
Recognised Coach Training Institution (RCTI)

## Objectives of the programme

This 12-month programme is aimed at those who want to practice as professional educators and want to raise the standard of your teaching practice. It is pegged at SAQA NQF 7 (Postgraduate). This programme gives you advanced theoretical foundations of teaching practice underpinned by practical psychological foundations to understanding human behaviour as an Educator then proceeds to help you discover skills and fit-for-purpose methodology of teaching that works for your context. Unlike the undergraduate university programmes and some post-graduate programmes, this programme is very practice oriented as opposed to theoretical structure of the former mentioned programmes.

## Who should attend?

This 12-month programme is aimed at those who want to enhance their teaching practice and generally create a fit for purpose approach to learning and teaching that defines their legacy as an educator. It is pegged at SAQA NQF 7 (Postgraduate).

## Accreditations

The programme is accredited as RCTI by the *Africa Board for Coaching, Consulting and Coaching Psychology (ABCCCP)*, which means the participants will attain a 100hours as credit towards membership with the Professional Body.

## Entry Requirements

Entry level is undergraduate degree, preferably in education, but not compulsory. Other qualifications in the helping professions (social work, psychology, theology, etc) will be considered.

You will draw heavily on your work & life experience. Compulsory practicum in teaching is a requirement.

NOTE: This is an Honors' level qualification registered with the Council of higher Education (CHE) and a mini proposal will be required at the end of the programme.

## Learning outcomes

By the end of the programme, participants should, amongst other things, be able to:

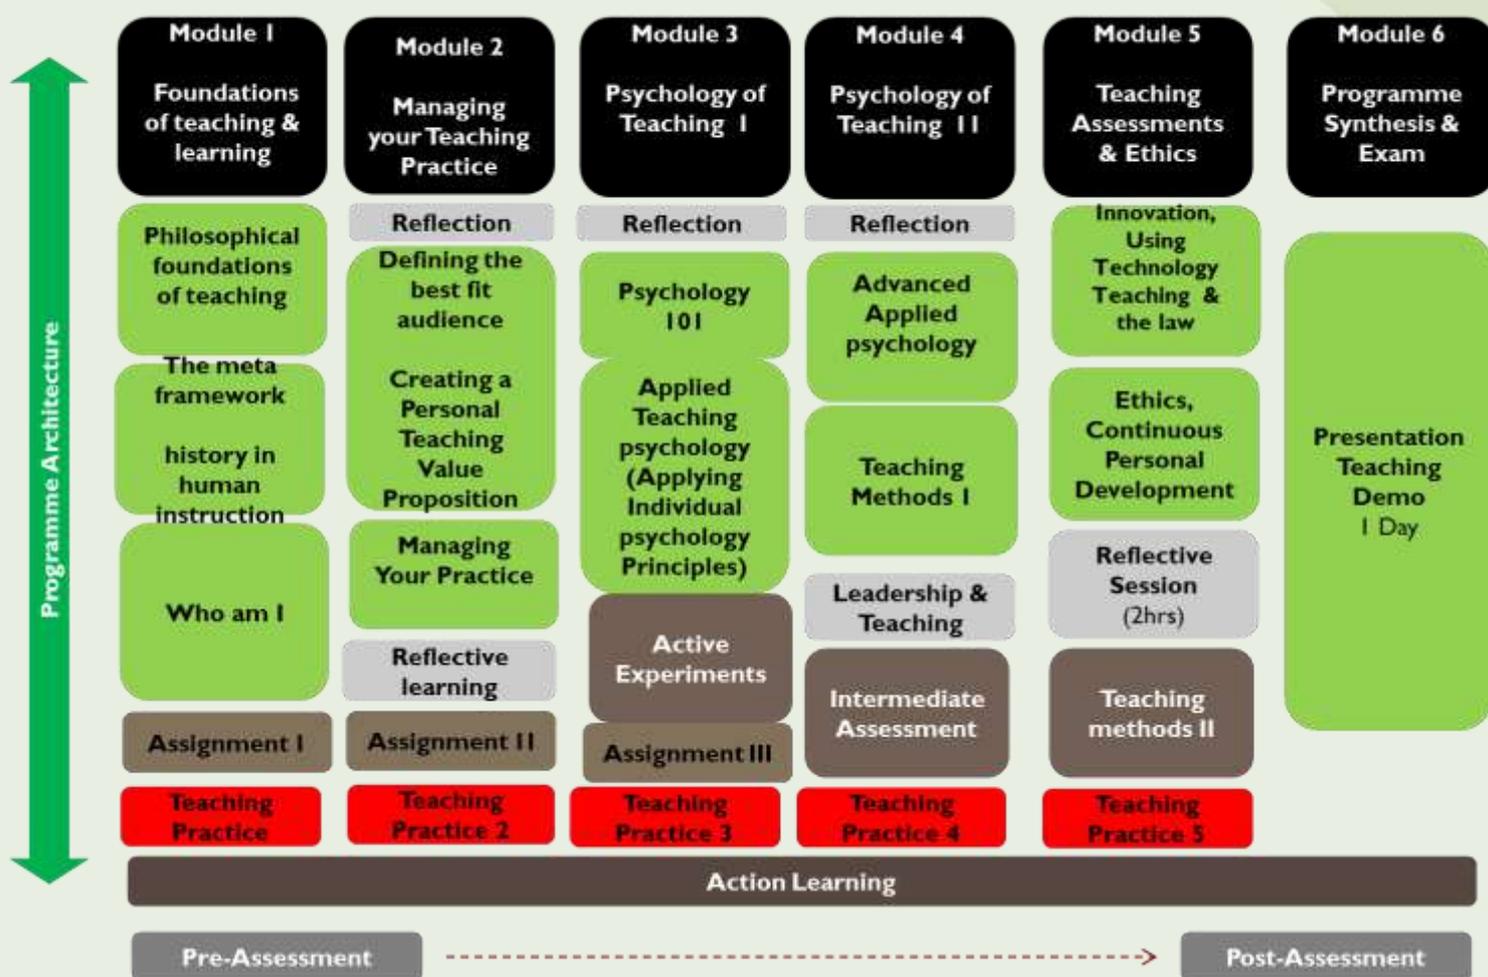

- Understand Foundation principles of Teaching and learning
- Apply Skills required for effective Teaching and learning conversations
- Explore & Apply Practical considerations in Teaching and learning
- Have Explored Specialized teaching methods and the landscape of teaching
- Understand and apply the Psychology of Teaching and learning
- Manage their Teaching and learning Practice for effective learning
